

December 2024

It's December again—so it's time for another ICML Christmas tune! We hope the inspirational message of this angelic choir moves you to action as you enjoy, "Carol of the ICML (The Membership Song)."

Enjoy our merry video! >>

And as you look ahead... Make 2025 the year that you renew or level up your professional ICML certifications, or upgrade to Premier individual membership, or submit your lubrication program for a company award, or subscribe to the eLibrary. There are so many options to improve yourself, your plant, and your career by engaging more deeply with your ICML community.

ICML offices will be closed from December 25 through January 1. See you soon!

-- Paul Hiller, Marketing Manager  
International Council for Machinery Lubrication

## Get Ready for Individual Member Account Pages...

We're excited to share that our completely redesigned website will be launching soon!

What's new? In addition to an enhanced interface with improved navigation, certified practitioners will enjoy dedicated account pages to monitor and manage all their ICML activity.

Imagine being able to check the status of your certification exams, review your membership history, or update your contact information in real time—all in one place! Whether accessing exam resources, connecting with staff, or volunteering with our committees, this upgraded site will streamline and elevate your experience.

We can't wait for you to explore it—launch day is just around the corner!

## Guest Author: How Clean Maintenance Practices Keep Your Vehicle in Top Health

Don't spend your time and money on a mechanic for preventable car issues! Combining his passion for motorsports with a joy of lubricant analysis, guest author Hovannes (Hovig) Arslanian shares useful tips he has learned through the years involving reactive, preventive, and proactive maintenance practices that can help you improve and maintain your own vehicle's reliability...

## Have you gotten yours yet?

[Read More and Subscribe](#)

ICML's eLibrary is the definitive resource of lubrication-related books, journals, and media—including ICML 55® Standard series. And now it is also home to the new *"Lubrication Matters Magazine."* Anyone can subscribe to our eLibrary, and ICML members enjoy a substantial annual discount.

***"It really saved time & effort... No need to order a publication and wait for its arrival."***

*— Gary Wood, District Manager NE at HF Sinclair*

Once again we are a Supporting Partner of North America's newest exhibition and conference, which is free to attend. Following its successful inaugural event in March 2024, Lubricant Expo N.A. is back...and bigger! Co-located with The Bearing Show, it promises to connect lubricant solution providers with the full range of end-user buyers, plus the entire chemical and equipment supply chain with thousands of engineers and executives in attendance.

ICML will exhibit at booth #703, and our own Paul Hiller will moderate the panel presentation, "Lubrication Selection & Best Practices," featuring ICML members Dr. Nathan Wright (Transformational Performance Solutions), Tyler Beckett (Newton Industrial Solutions), and Mike Johnson (AMRRI), plus Michael Meehan (Reliability Dude). Register for free today!

## Where in the World?

ICML is proud to recognize the more than 9200 lubrication and oil analysis practitioners from over 90 nations who are currently certified members, each holding one or more ICML certifications as of mid-December. This broad distribution is indicative of the attraction and resilience of ICML certifications across the global marketplace. Click on the image to explore the interactive world map.
